QUICK CONNECT

Tasteful Leadership

How L.V. Lomas helps keep an industry flowing.

L.V. Lomas is dedicated to being the absolute best – as a sales organization, as a distributor and as a processor of value-added products and services in your industry. That focus runs through our every action, from purchasing and selection through to final delivery and ongoing customer service. This operating philosophy allows us to focus on our customers' best interests and total satisfaction. This same thinking extends to our flexibility in pricing, packaging and sophistication of services.

Always in the loop

Lomas customers also receive our daily 'Market News' report featuring reliable, objective market information on both domestic and international oil markets.

Shipping Options

Tank wagons, totes and drums.

The L.V. Lomas 'ARCA' tote program offers the highest quality and safety in the industry:

- **Improved Hygiene** – disposable, flexible, sterile liners. No need to clean each tote after use, which can allow for moisture and contamination. Does not allow air in - protects contents against oxidation.
- **Improved Safety** - designed for extremely tough handling with rounded corners and smooth surfaces.
- **Simplified Handling** - folds flat for space efficiency.
- **Minimizes Packaging Material** - reusable system reduces waste in the environment as well as saves on return transport costs.

National warehousing system

Our state-of-the-art warehousing network is strategically located in Montreal, Toronto, Vancouver and Seattle. It services customers in all facets of the Canadian industry including foodservice, food processing, baking, confection, pharmaceutical and industrial.

Gain a healthy lead

Sunflower Oils - High Oleic and Mid Oleic Sunflower oils are light in taste and appearance. Each is valued for frying performance and health benefits as they are recognized for having a low saturated fat level. Healthy and natural sunflower oils meet consumer needs and food manufactures alike for a healthy and high performance vegetable oil.

Other high quality oils from L.V. Lomas

We also market a selection of canola, soya, coconut, palm, palm kernel, sunflower, flaxseed oil, extra virgin olive oil, hemp oils in various grades (RBD, RBWD, RBHD, Mid Oleic, High Oleic, Non-GMO, including Organic).
